## Webinar 2

**Digital solutions for smallholder farmers:  
 The challenges and opportunities of  
 COVID-19**

*Welcome to the webinar, we will start  
 shortly.*

**Webinar Series**

Digital opportunities in the response to Covid-19 in  
 Asian and African agriculture

 Rijksdienst voor Ondernemend  
 Nederland

**G4AW**  
 GEODATA FOR AGRICULTURE AND WATER

1

## Objective of the 'Community of Practice | Digital':

Exchange learnings across practitioners on the use of  
 digital solutions in Covid-19 response, recovery and  
 resilience in agriculture.

2

## The response, recovery, and resilience framework:

- **Response:** How can digital solutions help to respond to the problems raised by movement restrictions, in reaching out to smallholder farmers?
- **Recovery:** How digital solutions can help actors within agri-food value chains to restore and maintain connection i.e. input suppliers, (smallholder) farmers, SME's and consumers?
- **Resilience:** How can COVID-19 be used to accelerate adoption of digital solutions and with that create more resilience across agricultural value chains and agri-food systems?
